professional. By exploring a client according to its model, you will come away with a comprehensive map of their inner world. You will be able to see your clientsâ€™ strengths and defenses, their places of pain and how they compensate for them. You will understand the structure of their inner conflicts and see the leading edge of their growth.

A professionalâ€™s guide to end of life care in motor neurone disease (MND) Motor neurone disease (MND) is a progressive and terminal disease that results in degeneration of the motor neurones, or nerves, in the brain and spinal cord.<sup>1</sup> There is no cure for MND. Although the condition itself is unpredictable, the terminal prognosis is not. A third of people with MND die within a year of ...
