A set of essays on embryology and infancy, play and games, manners, meals, and other messes. Inspecting a wide range of textual, visual, and artefactual evidence in and beyond medieval England, Mitchell argues that humanity issued from a dense

Becoming Human: The Matter of the Medieval Child | J

Jennifer Greenwood's Becoming Human is an original and compelling account of how human emotional and cognitive development is scaffolded by cultural resources. She does this by making a persuasive case for the integration of neural, bodily, and cultural resources during development. This is an important contribution to our understanding of the developmental processes that result in complex, culturally mediated emotions.
