2018: Honored to be named a Sloan Research Fellow. To read more about this highly competitive award, see [here](#), [here](#), and [here](#). 2018: Selected as one of World Economic Forum's Young Global Leader.

### **Suchi Saria â Machine Learning, Computational Health**

Transformative research is a term that became increasingly common within the science policy community in the 2000s for research that shifts or breaks existing scientific paradigms.

### **Transformative research - Wikipedia**

Chitin and its deacetylated derivative, chitosan, are non-toxic, antibacterial, biodegradable and biocompatible biopolymers. Due to these properties, they are widely used for biomedical applications such as tissue engineering scaffolds, drug delivery, wound dressings, separation membranes and antibacterial coatings, stent coatings, and sensors.

### **Novel chitin and chitosan nanofibers in biomedical**

Government Engineering College List in Andhra Pradesh. Engineering is a subject that is taken up by many students around the country after completing the 10+2 education from the respective boards.

### Government Engineering Colleges in Andhra Pradesh

This 3-volume set summarizes current research activities into the fundamental properties of doped nanomaterials and their applications in the fields of electronics, photonics, optics, homeland security and medical sciences.

### American Scientific Publishers - New Titles at the

4th International Workshop on Image Sensors and Imaging Systems (IWISS2018)-Frontier of image sensors based on conceptual breakthroughs inspired by applications-

### Chemical Biology. This call targets cutting-edge research projects at the interface of chemistry and life sciences which employ innovative tools and/or techniques from the chemical sciences to address biological/medical research questions.
